Stormy Days For Branch Automation™
NCI BANC-Mgr
Brings You Total Protection
NCI
NCI protects your bank's automation investment with NCI BANC-Mgr™ an exciting new branch automation software system that puts management control back in your hands.
This simple, PC-based system provides platform and/or teller automation in a LAN or 4700 environment.
Your organization will benefit from:
- User Authoring which makes changes easy without programming
- Cross Selling
- Sales and Transaction Tracking
- What If Calculations
- Report Generator
- Work In Process
- File Transfer and Sharing
- And many other great features
You can also save lots of money, get more mileage from your 4700 system and/or migrate to an all PC-based network whenever you want, without loss of investment.
Call us and we'll show you how NCI BANC-Mgr can solve your present branch automation requirements as well as meet tomorrow's challenges.
Look for us at booth #409 at ATM12.
